

We are writing to you on behalf of the radio station AIR1 Christian music. This station is an alternative to mainstream programming that is frequently violent and/or debasing. AIR1 provides faith and family style music and teaching while keeping us abreast of international news and how the stories affect us and our faith. If you replace this station with an LPFM broadcaster, we will have lost a valuable asset and commodity in our lives and that of our community. We believe it is in the public's best interest to keep AIR1 on the radio on the FM band (89.3 in Las Vegas) and away from the LPFM's. Thank you for your consideration. Richard W & Jo S Stasiak, Las Vegas, NV
